May 2, 1974

Dear General Walters:

Thank you for your kind personal note of February 22nd which was appreciated by myself and my colleagues here, all of whom enjoyed your short visit very much.

Aware of your continuing interest in subway development, we thought you might like to see the attached news item on the "D line"; plus the attached booklet which you may not have seen before.

Your role in entertaining [redacted] while he was in Washington was most helpful. He really was taken by your residence and particularly the versatility of your "electronic organ."

25X1

I look forward to seeing you in mid-July, on my way to New York.

Sincerely,

[redacted]
